BlocksFromText

posted Jul 3, 2017, 3:29 PM by Adrian Brightmoore [updated Jul 3, 2017, 7:54 PM]

Creates layers of blocks from a text file input.

```
1 00000000000000000000000001
2 11111111111111111111111111
3 10000000000000000000000000
4 11111111111000000000000000
5 00000000000111111111111111
6 000000011111110000000000
7 10000000000000000000000001
8 2343434578435698420243
9
